## **BUDGETING FOR ED JOBS: HOW AND WHEN**

**Monday, January 10, 2011 – 1:30 PM**

On August 10, the President signed into law the Education Jobs Fund Program legislation. The \$10 billion in the new law is designed to create and save an estimated 160,000 education jobs. Pennsylvania's share of the one-time federal funding is \$387.8 million. This web forum will provide estimates of the distribution of the Ed Jobs funds to school districts to provide you with additional information as you prepare your 2011-12 budget. We will also examine some of the variables that could reduce the amount of funds distributed to schools. The web forum will also look at the process and timing of the required legislation to authorize distribution of the Ed Jobs funds to school districts. Finally the agenda will contain a quick review of eligible uses and reporting requirements.
